

TOWNSHEND'S
**BREW DR.
KOMBUCHA**

AUTHENTIC KOMBUCHA MADE BY A TEA COMPANY

Each batch of Brew Dr. Kombucha we make is crafted from the beginning. We start with the same loose-leaf organic teas we serve in our Townshend's Teahouses. Then we blend in organic herbs, fruits or other botanicals. No juices or flavorings are added after fermentation, making Brew Dr. a truly 100% raw kombucha with the most naturally occurring probiotics possible. We hope you'll agree that our "no shortcuts" approach is worth the effort. *Cheers.*
