Novamex

OUR HISTORY

Founded in 1986, Novamex was the brainchild of two entrepreneurial families, the Hills of Mexico City and the Fernandezes of Chihuahua. Together they combined their knowledge of bottling, distribution, and creative soda development in a singular vision: to export authentic Hispanic products to the United States.

In the last two decades, this partnership has grown and is now one of the top Hispanic product exporters in the United States. Starting with only two products, the company has grown to over 160 SKUs of category-leading drinks and food products. And it boasts a compounded annual growth rate of 29 percent since 1990, selling more than one billion consumption units annually.

WHO WE ARE

Our vision is to market and distribute category-leading Latino, natural and organic brands to the United States and the rest of the world. Our industry-leading knowledge of the Mexican and American consumer, along with a philosophy of investing in brands through long-term, fully integrated marketing strategies have driven our success and helped bring the Hispanic and natural products culture to the world.

OUR PURPOSE

We seek to create a world of socially responsible entrepreneurs charged with bringing the Hispanic and natural products culture to the United States and the rest of the world.

OUR MISSION

Novamex's ambition is to continue to be the world's leading marketer of Mexican non-alcoholic beverages, to own 2 or 3 brands of natural products that are leaders in their category or niche natural channel, and to be the lead importer and marketer of Mexican products in the U.S.

OUR SERVICES

Headquartered in El Paso, Texas, our company provides our strategic partners with major market sales offices, state-of-the-art bottling facilities and world-class warehouses in key geographic areas for distribution to the United States and the world.
